

4000kg/H Vertical Fertilizer Crusher Equipment Rice Straw Crusher Machine

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDJGF-400
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Factory Corn Straw And Wheat Straw Fertilizer Crusher
- Output (kg/h): 1000 - 4000 Kg/h
- Keyword: Fertilizer Crusher Machine
- Raw Material: Crop Waste
- Power: 38KW
- Voltage: 380V
- Highlight: 4000kg/h Vertical Fertilizer Crusher, Rice Straw Crusher Machine, Vertical Fertilizer Crusher Equipment

Product Description

High Productivity Vertical Crusher Farm Rice New Type Straw Crusher Machine

Straw crusher is a new type product produced by our company in the wood powder machine market, and this product can guarantee standard rate of the finished product, and solved the inconvenience due to uneven fineness of finished product; it is equipped with standard stainless steel screen, and the size is optional. It has the advantages of small footprint, convenient packaging, simple operation and no dust pollution, which is the ideal crushing powder equipment.

Model	Power(kw)	Capacity(m³/h)	Dimensions(mm)
TDJGF-400	38	4	3850*950*1050

Performance characteristics:

This product design is reasonable, the manufacture quality is reliable, has the structure simple, the operation is convenient, the volume is small, occupies the land little, saves the labor, saves the electricity characteristic. The designed automatic control electric heating device can adjust the dry and humidity of materials randomly, ensure the stability of discharging molding, and improve the working efficiency. The main parts of this product are made of wear-resistant material, which is specially treated, so it can be continuously pressed and durable. Suitable for all kinds of biomass raw materials (corn straw, wheat straw, cotton straw, straw, branches, leaves, sawdust and other agricultural materials as raw materials or wood).

Working principle:

Straw crusher can be matched by motor, diesel engine or 30-50 horsepower tractor, the main engine is composed of feeding mechanism, zha cutting mechanism, throwing mechanism, transmission mechanism, walking mechanism, protective device and rack. It has the advantages of reasonable structure, convenient movement, automatic feeding, safety and reliability.

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
