

## 5.5KW Compound Fertilizer Coating Machine Rotary Drum Coating Machine

### Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDBM-1240
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

### Product Specification

- Product Name: Rotary Coating Machine
- Rotary Speed: 11 (r/min)
- Installation Tilt Angle: 2-3(Degree)
- Motor Power: 5.5(kw)
- Production Capacity: 2530m<sup>3</sup>/h
- Application: Fertilizer Production Line
- Highlight: **Rotary Drum Coating Machine, Compound Fertilizer Coating Machine, 5.5KW Fertilizer Coating Machine**

## Product Description

### Fertilizer Rotary Drum Coating Machine Special Equipment for Compound Fertilizer

The complete set of rotary coating machine equipment is composed of screw conveyor, stirring tank, oil pump, main engine, etc., with powder coating or liquid coating process. Can effectively prevent the agglomeration of compound fertilizers. The main machine adopts polypropylene lining or acid-resistant stainless steel. This equipment is specially designed for the internal structure according to process requirements, and it is an effective special equipment for compound fertilizer.

Model	Motor Power(kw)	Reducer Model	Installation Tilt Angle(degree)	Rotary Speed(r/min)
TDBM-1240	5.5	ZQ350	2-3	11
TDBM-1560	11	ZQ400	2-3	11
TDBM-1870	18.5	ZQ500	2-3	10
TDBM-2080	22	ZQ650	2-3	10

#### Product introduction:

1. The cylinder body is lined with special rubber sheet or acid-resistant stainless steel lining.
2. The granule coating machine cooperates with the dry powder coating agent powder spraying machine, and is used together with the liquid coating agent spraying system.
3. The transmission system of the film coating machine and the supporting roller bracket are all cast steel parts.

#### FAQ:

##### 1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

##### 2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

##### 3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

##### 4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

##### 5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

##### 6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
