

## Fermented Manure Forklift Compost Turner Fermentation Compost Equipment

Our Product Introduction

for more products please visit us on [organicfertilizerequipment.com](http://organicfertilizerequipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDCCFD-918
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

### Product Specification

- Name: Forklift Type Compost Turner
- Application: Fermentation Turning Equipment
- Raw Material: Organic Manure, Chicken Manure, Poultry Manure.
- Forklift Bucket Width: 1300mm
- Power/Speed: 47/3200 Kw/r/min
- Function: Compost Turner Mixing Machine
- Highlight: Fermented Manure Forklift Compost Turner, Forklift Turner Fermentation Compost Equipment, Turner Fermentation Compost Equipment

## Product Description

### Fermented Chicken Manure Organic Forklift Type Compost Turner Machine

Forklift type compost turner is a multifunctional stacker integrating fermentation, mixing, crushing and displacement. The machine adopts four-wheel walking design, which can move forward, reverse, turn, and be driven by one person. The rotating cutter shaft inside the bucket is used to mix, fluff and move the raw materials in the stack, leaving new strip stacks. The operation can be carried out in the open field or in the workshop greenhouse. The outstanding technology of this machine is to integrate the crushing function in the later stage of material fermentation. With the gradual dehydration of materials and the addition of crusher, the crushing efficiency has been greatly improved, the cost has been reduced, and the problem that the production capacity is restricted by the crusher has been fundamentally solved.

#### Scope of application:

Forklift tipper is applicable to aerobic fermentation and tipping of organic wastes such as livestock and poultry manure, sludge garbage, sugar factory filter mud and straw sawdust; It is widely used in the fermentation and ripening of organic fertilizer plants, compound fertilizer plants, sludge and garbage plants, and Shuangpao mushroom planting plants.

Model	TDCCFD-918(Manual operation)	TDCCFD-920(Automatic operation)
Number of cylinders	4	4
Discharge	2.545	2.545
Power/Speed(kw/r/min)	47/3200	47/3200
Max Torque/Speed(N.m/r/min)	157/200~2200	157/200~2200
Forklift Bucket Width(mm)	1300	1300
Diesel Engine Model	4DW81-37G2	4DW81-37G2
Cooling Method	Closed Forced Water Cooling	Closed Forced Water Cooling

#### Working principle:

The choosing of compost turner will directly influence the normal production, so I suggest you make sure whether all the assembly units are standard or not.

1. Rolled steel. It is national standard or non-standard.
2. Diesel engine. Whether it is made by professional manufacturers or small enterprise.
3. Whether it is a product of a formal manufacturer or not.
4. Whether it is a product of a formal manufacturer or not, and whether it is a retreading one or not.
5. Whether it is reasonable or not. Whether the cutting tools are chain type or belt type.
6. Corrosion resistance, appearance and application range. This machine has a wide range of application including types, character and lumpiness of the materials. It is not only suitable for normal materials such as powdery, granular and bulk materials, but also suitable for strong grinding materials.

#### FAQ:

**Q1: Are you trading company or manufacturer?**

A: We are factory.

**Q2: How long is your delivery time?**

A: Generally it is 7-10 days if the goods are in stock. Or it is 15-30 days if the goods are not in stock, it is according to quantity.

**Q3: What is your payment method?**

A: 30% of total prices should be paid by T/T as down payment; 70% balance payment should be paid by T/T before delivery.

**Q4: How long is the warranty of your equipments? Does your company supply the spare parts?**

A: The warranty period of fertilizer equipments is one year. And we will supply the spare parts for you at lowest cost.

**Q5: If I need the complete fertilizer production line can you help us to build it?**

A: Yes, we can help you set up a fertilizer production line and give you related professional advices as long as you need. We had already build many fertilizer production line projects in China & Oversea.
