

## 3T/H Fertilizer Mixing Equipment Compost Single Shaft Mixer

### Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDDJ-0730
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 3-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

### Product Specification

- Product Name: Fertilizer Single Shaft Mixer
- Motor Power: 11KW
- Mixing Speed: 46 (r/min)
- Mixing Output: 2-3ton/h
- Main Plate Thickness: 4mm
- Usage: Organic Fertilizer Equipment Production
- Highlight: 3T/H Fertilizer Mixing Equipment, 3T/H Single Shaft Mixer, Compost Single Shaft Mixer

## Product Description

### Organic Fertilizer Horizontal Mixer Simple Operation Compost Single Shaft Mixer

Single-shaft continuous mixer, which is suitable for continuous mixing of mixed fertilizer powder, generally after the automatic batching equipment. Its working principle is that the material enters the mixing tank and is evenly mixed through a set of spiral blades in the form of double spiral belts, and then enters the next granulation process. It is mainly used in organic fertilizer, compound fertilizer and dust remover of thermal power plant, and can also be used in chemical metallurgy, mining, building materials and other industries.

#### Product structure:

The horizontal mixer is mainly composed of mixing shaft, mixing page, mixing chamber, motor and reducer.

Model	Rotary Speed(r/min)	Production Capacity(m³/h)	Supporting Power(kw)
TDDJ-0730	45	4	11

#### Working principle:

The working principle is that the materials go into the mixing tank, pass through a group of double helical ribbon type blade, they are stirred uniform, and enter next granulation process.

#### FAQ:

##### 1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

##### 2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

##### 3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

##### 4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

##### 5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

##### 6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
