

25-50kg Fertilizer Bagging Equipment Automatic Bag Weighing And Filling Machine

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: ISO, CE
- Model Number: TD-50
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Fertilizer Automatic Packing Scale
- Machine Material: Stainless Steel 304/Carbon Steel
- Dimension: Customized
- Material: Stainless Steel
- Application: Powder/granule
- Weighing Range: 25-50kg
- Highlight: Automatic Bag Weighing And Filling Machine, 50kg Fertilizer Bagging Equipment, 25kg Fertilizer Bagging Equipment

Product Description

Single and Double Bucket Bagging Automatic Pouch Packing Machine for Fertilizer

Fertilizer packaging scale and fertilizer quantitative packaging scale are automatic measuring and packaging equipment, which are packaging machinery integrating feeding, weighing, sewing and conveying. The main components of the packaging machine are made of components with high quality. It is applicable to the packaging of 10kg-80kg paper bags, woven bags, plastic bags, etc.

Type	Multi-Function Packaging Machine
Applicable Industries	Hotels, Garment Shops, Building Material Shops, Manufacturing Plant, Machinery Repair Shops, Food & Beverage Factory, Farms, Restaurant, Home Use, Retail, Food Shop, Printing Shops, Construction works , Energy & Mining, Food & Beverage Shops, Advertising Company
Condition	New
Function	FILLING, Sealing, Coding
Application	Food, Beverage, Commodity, Medical, Chemical, Machinery & Hardware, APPAREL, Textiles
Packaging Type	Cartons, Bags, Film, Pouch, case, sachet
Packaging Material	Plastic, Paper, Metal, Glass, Wood
Automatic Grade	Automatic
	220V/380V
Warranty	1 Year
Key Selling Points	Easy to Operate
Marketing Type	Ordinary Product
Machinery Test Report	Provided
Video outgoing-inspection	Provided
Warranty of core components	1 Year
Core Components	Motor, PLC, Gear
Production Capacity	5bag/min, 20bag/min, 7bag/min, 6bag/min, 40bag/min, 9bag/min, 25bag/min, 8bag/min, 15bag/min, 10bag/min, 50bag/min, 30bag/min, 35bag/min
Product name	Bag Packing Machine
After-sales Service Provided	Online Support
Bag type	Back Sealing
Usage	Bag Making
Packing speed	30-60bags/min
Capacity	Product Character
Machine material	Stainless Steel 304/Carbon Steel
Advantage	High Packing Capacity
Product Keywords	Multi-function Packaging Machines Automatic
Main Function	Weighing Forming Filling Sealing

Performance advantages:

1. This machine is used to automatically weigh, clamp, fill, vibrate and push the bag with manual assistance, and transfer the bag for automatic sewing or sealing.
2. There is an arch breaking device in the silo, which loosens the material before screw conveying, so that the material is not easy to be supplied.
3. Manual or pneumatic device can be selected for bag clamping, which can seal the opening of the material bag during packaging without dust overflow.
4. The parts in contact with materials are made of stainless steel and carbon steel (selected according to packaging materials).

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
