

Sawdust Fertilizer Crusher Equipment 1.6 Ton/H Wood Chipper Shredder

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE,ISO
- Model Number: TDMF-600
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Wood Crusher Machine
- Application: Wood Shaving Machine
- Capacity: 1.6-1.5ton/h
- Power: 11KW
- Power Type: Electric Or Diesel Engine
- Voltage: 380V/50HZ
- Highlight: Sawdust Fertilizer Crusher Equipment, 1.6 Ton/H Wood Chipper Shredder, Sawdust wood shredder machine

Product Description

Multi-function Sawdust Wood Crusher Mesh Replacement Chipper Shredder Machine

Wood crusher machine is a new style and widely used machine. Its widely used in all kinds of crop stalk, cotton firewood, straw, clover, peanuts shells, cotton seed fur, etc. This series of machine have advantages of compact structure, strong and durable, safe and reliable, easy operation, lower noise and vibration, high efficiency and low energy consumption, etc. And the spare part of the machine completely adopt quality material, outsourcing parts adopting domestic optimal product, the whole machine's quality is reliable, long-lived.

The wood crushers are for grinding the Bio-mass like straw, coconut shell, stalk and wood chip, tree branch and forest waste to be powder of less than 3-5mm, which is right size before pelletizing and briquette. It is also ideal machine for farming material like dry or fresh seeding of yam, peanut, rice and other plants, husks, maize, wheat, beans of all.

| | | |
|------------------------------|------|------|
| Model | 420 | 500 |
| Diameter of cutter head (mm) | 400 | 450 |
| Number of blades | 4 | 4 |
| Spindle speed (mim/h) | 2800 | 2600 |

Features--low noise wood waste crusher machine:

1. Belt conveying, compact structure, easy to operate, all of all rotors pass an accurate dynamic balancing test, less vibration during running.
2. The raw materials can be crushed into straw particles, whose diameter is 3-5mm.
3. The durable crusher works with high efficiency and gains more good reputation from European users.
4. blade type: hammers blades.
5. Even crushing function of multi-cavities which is suitable to crush hard materials.
6. Reasonable design of leveling plate making the finished material finer and cubic-shaped without internal cracks.
7. Low and big feed opening make the production line easy to arrange and increase the size of feeding material.
8. New anti-abrasive material which prolong service life of impact hammers, impact plate and liner.

FAQ:

Q: Can I use this production line to produce multi granularity particles?

Yes, our production line is multifunctional. We can customize ring moulds of different sizes. In this way, you can easily adjust the size of your ball.

Q: I know little about the fertilizer production line. How to choose the most suitable machine?

Just tell us your raw materials, capacity (tons / hour) and the size of the final particle product, and we will choose the machine for you according to your specific situation.

Q: Our workers don't know how to operate the production line. What should I do?

Our engineers will guide on-site workers on how to install machines and build workshops. Then, our engineers will test the production line on site and train your workers how to operate it.

Q: Are you a trading company or a manufacturer?

We have a large factory in Jiaozuo, China, covering an area of 10000 square meters. Welcome to visit.

Q: What's the Production Period of the Fertilizer Machine?

For single fertilizer machine, our production time is 7 days; and for whole fertilizer production line, our production time is no more than 30 days.

Q: What's the Quality Guarantee and Certifications?

all of our machine have passed ISO and CE certification, we can guarantee the highest quality and our warranty time is 5 years after shipment date.
