

Livestock Pig Manure Fermentation Tank Cow Manure Compost Tank

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDFJG-10
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 10-20days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50 units per month

Product Specification

- Features: Organic Compost Equipment
- Product Name: Organic Fertilizer Fermentation Tank
- Application: Fermentation Compost Equipment
- Handling Capacity: 8-12m
- Raw Material: Animal Manure
- Production Capacity: 10-12ton/day
- Highlight: **Pig Manure Fermentation Tank, 11KW Cow Manure Compost Tank, Livestock Manure Fermentation Tank**

Product Description

Pig Manure Cow Manure Professional Organic Fertilizer Fermentation Tank

Livestock manure fermentation tank, is the farm feces collection and fermentation bacteria, reflux materials, biomass;(Plant straw, corn straw, grass. Weed, peanut shell and stalk, vegetable stalk, tree branches leaves, waste stalks and all plants after crushing) according to certain proportion of mixed, use of microbial activity and organic matter decomposition, rotten inside the feces, discard human and animal feces and plant material into organic raw materials, used to produce organic fertilizer, finally realizes the recycling use of waste harmless.

Model	Heating Power(kw)	Stirring Power(kw)	Dimensions(mm)
TDFJG-5	4*6	7.5	2200*2200*5300
TDFJG-10	4*6	11	2400*2400*6900
TDFJG-20	8*6	18.5	3700*3700*8500
TDFJG-30	58	7.5	4200*4200*8700
TDFJG-90	58	7.5	5300*5300*9500

Product Description:

Livestocks excrements intelligent fermentation all-in-one machine manchine for organic fertilizer,It is aimed at the livestock manure in farm,residual sludge in sewage tretment plant to ferment with high temperature.It is aimed at organic matter in waste to biodegrade,It can achieve the integrated processing equipment of harmless, stabilization, energy saving and resource utilization.

It is suitable for different kinds of farms such as pig farm,cow farm,chicken farm etc.After being processed by a fermentation all-in-one machine, the moisture of organic fertilizer was about 20%-30%,the organic fertilizer can packing directly.

Features:

- 1.Direct-feed: Don't need to add excipients ,It can put fresh livestock and poultry manure for fermentation directly .
- 2.Flexible operation:Small footprint, intelligent control,Daily incoming and outgoing material,Simple management and operation.
- 3.Non-pollution:Good tightness,it adopted pumping intensively.It achieved gas emission standards,No secondary pollution.
- 4.Durability:Stainless steel special material,it can reduce corrosion and enhance durability.

FAQ:

Q: Can I use this production line to produce multi granularity particles?

Yes, our production line is multifunctional. We can customize ring moulds of different sizes. In this way, you can easily adjust the size of your ball.

Q: I know little about the fertilizer production line. How to choose the most suitable machine?

Just tell us your raw materials, capacity (tons / hour) and the size of the final particle product, and we will choose the machine for you according to your specific situation.

Q: Our workers don't know how to operate the production line. What should I do?

Our engineers will guide on-site workers on how to install machines and build workshops. Then, our engineers will test the production line on site and train your workers how to operate it.

Q: Are you a trading company or a manufacturer?

We have a large factory in Jiaozuo, China, covering an area of 10000 square meters. Welcome to visit.

Q: What's the Production Period of the Fertilizer Machine?

For single fertilizer machine, our production time is 7 days;and for whole fertilizer production line, our production time is no more than 30 days.

Q: What's the Quality Guarantee and Certifications?

all of our machine have passed ISO and CE certification, we can guarantee the highest quality and our warranty time is 5 years after shipment date.
