

Compound Organic Fertilizer Forklift Feeding Conveying Machine High Efficiency

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: ISO,CE
- Model Number: TDCW-2030
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Forklift Feeding Machine
- Application: Fertilizer Production Line
- Production Capacity: 5-10ton/h
- Structure: Convey System
- Material: Carbon Steel Or Stainless Steel
- Voltage: 220V/380V
- Highlight:
 - Organic Fertilizer Forklift Feeding Conveying Machine
 - Compound Organic Fertilizer Feeding Conveying Machine
 - 10ton/h Organic Fertilizer Feeding Conveying Machine

Product Description

High Efficiency Compound Organic Fertilizer Forklift Feeding Conveying Machine

The forklift feeding bin has outstanding advantages such as low power consumption, low wear, less material leakage, stable operation, reliable operation, long service life and convenient maintenance.

Model	Power	Capacity(t/h)	Dimensions(mm)
TDCW-2030	Mixing power: (2.2kw) Vibration power: (0.37kw) Output power: (4kw frequency conversion)	3-10t/h	4250*2200*2730
TDCW-2040	Mixing power: (2.2kw) Vibration power: (0.37kw) Output power: (4kw frequency conversion)	10-20t/h	4250*2200*2730

Features:

- 1 The forklift feeding bin is a kind of conveying equipment for bulk materials.
- 2 It is widely used in agriculture, building materials, chemical industry, metallurgy and other work sectors.
- 3 It has the functions of strong adaptability, adjustable conveying capacity and continuous and uniform conveying of various materials.
- 4 It is used to quantitatively, uniformly and continuously feed the bulk, granular and powdery materials from the storage bin or funnel to the receiving device, which is an essential equipment for automatic production.

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
