

Chicken Manure Granulator Making Ball Disc Granulating Machine

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: ISO, CE
- Model Number: TDYZ-1500
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Disc Granulator Machine
- Raw Material: Animal Chicken Manure
- Function: Produce Organic Fertilizer Pellet
- Capacity: 1-20ton/h
- Rotating Speed: 18-24r/min
- Installation: Under Engineer Guide
- Highlight: **Disc Granulating Machine,
Chicken Manure Granulator,
Making Ball Granulator**

Product Description

Chicken Manure Granulator Making Ball Granulator Disc Granulating Machine

Disc Granulating Machine working principle: This series of products by the main motor drive pulley and belt, through the reducer drive pinion, pinion interlocking with big gear which fixed in the bottom, work opposite. Big gear with special reasonable design, installed on the main shaft fixed on the frame to adjust plate, to support the work of the granulating disc (this machine is used to spray machine). The material enter the granulating disc, after continuing rotation of the granulating disc and spray device, material sticking evenly to be particles together. In this machine granulation upper plate has design of the automatic cleaning device, preventing the of wall material viscosity, thus greatly improving the service life of the machine. With the constant rotation of motor, materials into unceasingly, can realize the mass production, has reached to the needs of the user.

Parameters of disc granulator:

Model	Diameter of Disc(mm)	Edge Height(mm)	Rotary Speed(r/min)	Motor Power(kw)	Capacity(t/h)
TDYZ-500	500	200	32	0.55	0.02-0.05
TDYZ-600	600	280	33.5	0.75	0.05-0.1
TDYZ-800	800	200	21	1.5	0.1-0.2
TDYZ-1000	1000	250	21	1.5	0.2-0.3
TDYZ-1200	1200	250	21	1.5	0.3-0.5
TDYZ-1500	1500	300	21	3	0.5-0.8
TDYZ-1800	1800	300	21	3	0.8-1.2
TDYZ-2000	2000	350	21	4	1.2-1.5

Advantages of disc granulator:

1. High granulating rate, more than 93%, homogeneous grain.
2. Reliable quality, the pan is made of thickened steel plate, never be out of shape.
3. Easy to operate, convenient maintenance.

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
