

Crawler Type Manure Turner , Compost Turning Equipment 2200r/Min

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: ISO,CE
- Model Number: TDLDF-2600
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Features: High Efficiency
- Product Name: Compost Windrow Turner
- Stack Height: 600-800mm
- Application: Turning Mixing Organic Compost
- Production Capacity: 90%
- Maximum Rotate Speed: 2200r/min
- Highlight: crawler type compost turning equipment,
2200r/min compost turning equipment,
2200r/min manure turner

Product Description

Compost Making Machines Crawler Type Compost Turner Compost Turner Price

Raw materials that can be overturned by a crawler compost turner:

1. Agricultural wastes: such as straw, soybean meal, cotton meal, mushroom residue, biogas residue, fungus residue, lignin residue, etc.
2. Livestock and poultry dung: such as chicken dung, cow, sheep and horse dung, rabbit dung;
3. Industrial waste: such as distiller's grains, vinegar grains, cassava residue, sugar residue, furfural residue, etc;
4. Domestic waste: such as kitchen waste;
5. Urban sludge: such as river sludge, sewage sludge, etc. Classification of Chinese organic fertilizer raw materials: mushroom dregs, kelp dregs, phosphocitric acid dregs, cassava dregs, sugar aldehyde dregs, amino acid humic acid, oil dregs, shell powder, etc., and peanut shell powder.

Model	TDLDF-2400	TDLDF--2600	TDLDF--2800	TDLDF--3000
Turning Width(mm)	2400	2600	2800	3000
Turning Depth(mm)	600-1000	1000-1300	1100-1400	1300-1500
Windrow Spacing (mm)	800-1000	800-1000	800-1000	800-1000
Maximum Diameter of Material Particles (mm)	250	250	250	250
Horsepower(hp)	85	116	123	156
Working Knife Diameter(mm)	400	500	500	500
Working Speed (m/min)	6-10	6-10	6-10	6-10
Capacity(m3/h)	500-700	1000-1200	1100-1300	1300-1500

Crawler compost turner product details:

1.Crawler compost turner scope of application

According to the principles of microbial fermentation, suitable for the process requirements of microbial fermentation, fermenting bacteria have space to play their functions. They evenly mix the thick animal manure with microbial preparations and straw powder to make suitable aerobic environment for material fermentation.

2.Cost saving

Reduce the production cost of biological compound fertilizer, the power balance of the whole machine is suitable, low energy consumption, large output, save manpower.

3.Easy to manipulate

The overall structure is reasonable, easy to control, the rigidity of the machine is good, the force is balanced, high practicability to the site, the parts are standard parts easy to use and maintain.

4.Increase fermentation rate

In order to facilitate workers to speed up the fermentation, the machine is equipped with two tracks, so that the fermentation process can run freely, to shorten the role of time, simple and fast.

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
