

High Productivity Grains Corn Hammer Mill Crusher Machine Straw Crusher Machine

Our Product Introduction

for more products please visit us on organicfertilizerequipment.com

Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDJGF-400
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

Product Specification

- Product Name: Straw Crusher Machine
- Application: Rice And Weate Crusher
- Capacity: 80-1700kg/h
- Motor: 3kw-22kw
- Mesh Size: 2-3mm
- Voltage: 380V/50HZ
- Highlight: Grains Corn Hammer Mill Crusher Machine, Straw Mill Crusher Machine

Product Description

High Productivity Grains Corn Hammer Mill Crusher Machine Straw Crusher Machine

The straw crusher machine is also named hammer mill crusher, corn hammer mill etc. It is a kind of machine used to crush the corn, grain, dry oil cake. It is multifunctional, also can crush the dry straw, grass, stalk, plastic, small tree branches, wood chips, etc.

The hammer mill produces 200kg --- 2000kg / h, which can meet the daily production needs.

The core part -- the hammer is scientifically designed with two impact parts, so when one part wears out, you can roll over and use the other part. Rough grinding and fine grinding can be achieved by adjusting the gap between the hammer and the screen.

Change the size of the screen and the variable speed inverter control so that the same crusher can process various raw materials. Equipped with a blower, the pulverized material can be collected directly and transported to the next step for further processing.

Product features of straw crusher:

1. The machine comes with an overload protection device to ensure the personal safety of the operator.
2. The blade is made of high quality special steel and treated by special process. It has high strength and good wear resistance and can be used repeatedly.
3. Detachable design for easy maintenance and easy cleaning.
4. With isolation curtains, less dust, less noise, more environmentally friendly.

Model	Power(kw)	Capacity(m³/h)	Dimensions(mm)
TDJGF-400	38	4	3850*950*1050
TDJGF-600	22	3	3850*950*1050
TDJGF-800	37	3.5	3850*950*1050

Product advantages of straw crusher:

1. The size of sawdust can be adjusted in range 1-10mm by changing screen.
2. It is the necessary wood processing equipment for small and medium-sized enterprises and individual household.

FAQ:

1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
