

## Chaff Cutter Straw Crusher Machine Farm Agricultural Equipment 440V

Our Product Introduction

for more products please visit us on [organicfertilizerequipment.com](http://organicfertilizerequipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: CE, ISO
- Model Number: TDJGF-400
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

### Product Specification

- Product Name: Straw Crusher Machine
- Max. Capacity: 600kg/h
- Voltage: 380/400/415/440V
- Usage: Animal Feed Processing Chaff Cutter Machine
- Keywords: Chaff Cutter Machine Grass, feed Pellet Machine
- Certification: CE ISO
- Highlight: Chaff Cutter Straw Crusher Machine, 440V Straw Crusher Machine, Agricultural Straw Crusher Machine

## Product Description

### Farm Agricultural Equipment Good Quality Chaff Cutter Straw Crusher Machine

The straw crusher can be equipped with an electric motor, diesel engine, or 30-50 horsepower tractor. The main engine consists of a feeding mechanism, a cutting mechanism, a throwing mechanism, a transmission mechanism, a walking mechanism, a protective device, and a frame. It has the characteristics of reasonable structure, convenient movement, automatic feeding, safety and reliability.

**The components of the straw crusher are as follows:**

1. Feeding mechanism: mainly composed of feeding table, upper and lower Cao Kun, fixed blade, and fixed blade support seat.
2. Cutting and throwing mechanism: mainly composed of moving knives, cutterheads, locking screws, etc.
3. Transmission mechanism: mainly composed of V-belts, transmission shafts, gears, universal joints, etc.
4. Walking mechanism: mainly composed of ground casters.
5. Protective device: composed of a protective cover.

**Product features:**

- 1, This product is designed reasonably, manufactured with reliable quality, and has the characteristics of simple structure, convenient operation, small volume, small footprint, labor and electricity saving.
- 2, The fully automatic control electric heating device designed can randomly adjust the drying and humidity of materials, ensuring stable discharge molding and improving work efficiency.
- 3, The main parts of this product are made of wear-resistant materials that have undergone special treatment, so they can be continuously pressed for production and are durable.
- 4, Suitable for pressing and shaping various biomass raw materials, especially corn stalks, wheat stalks, cotton stalks, rice straw, rice husks, peanut shells, corn cobs, branches, leaves, sawdust, and other agricultural products as raw materials or leftovers from woodworking factories.

Model	Power(kw)	Capacity(m³/h)	Dimensions(mm)
TDJGF-400	38	4	3850*950*1050
TDJGF-600	22	3	3850*950*1050
TDJGF-800	37	3.5	3850*950*1050

**Working principle of straw crusher:**

1. The machine consists of upper shell, shell, discharge port, feeding hopper, steel frame, hammer blade, knife, etc
2. When crushing, the crushing thickness can be controlled by the size of the screen hole and can be replaced with different screens;
3. When the weed is alone, the screen can be withdrawn.

**FAQ:**

**1. Are you trading company or manufacturer ?**

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

**2. How long is the delivery time?**

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

**3. Do you arrange shipment for the machines?**

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

**4. How about your product after-sales service?**

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

**5. What kinds of certificate you have?**

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

**6. How to guarantee the quality and operation before loading?**

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
