

## NPK Compound Organic Granule Fertilizer Pellet Making Rounding Machine Pan Granulation Equipment

Our Product Introduction

for more products please visit us on [organicfertilizerequipment.com](http://organicfertilizerequipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: TONGDA
- Certification: ISO,CE
- Model Number: TDYZ-1500
- Minimum Order Quantity: 1
- Packaging Details: According to customer requirements
- Delivery Time: 5-10 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

### Product Specification

- Product Name: Disc Granulator Machine
- Voltage: 380/220V/As Your Needs
- Raw Material: Animal Waste
- Granulate Size: 2-5mm
- Dimension(L\*W\*H): Customized
- Capacity (t/h): 1.2-1.5
- Highlight: Pan Granulation Equipment Rounding Machine, Fertilizer Pellet Making Rounding Machine

## Product Description

### NPK Compound Organic Granule Fertilizer Pellet Making Rounding Machine Pan Granulation Equipment

- 1.The yield rate can reach more than 93%.
- 2.The reducer and motor are driven by flexible belts, which can start smoothly, reduce the impact force, and improve the service life of the equipment.
- 3.The bottom of the granulator plate is reinforced by a number of radiating steel plates, which is sturdy and durable, never deformed, thickened, heavy, and solid base design, no need for anchor bolts, and stable operation.
- 4.The service life is doubled. The granulation surface plate is lined with high-strength glass fiber reinforced plastic, which is anti-corrosion and durable.
- 5.The machine has the advantages of uniform granulation, high ball forming rate, stable operation, strong and durable equipment, and long service life.

#### Working Principle:

By adding water raw material powder can mix evenly, then being transported into the disk; as the rotation of disc, material inside gradually formed globular by rolling; After achieving the predetermined diameter, the granulation will be out of the pan to the next procedure again.

#### Characteristics of Performance:

- 1.High efficiency.
- 2.Long service life.
- 3.The plates are reinforced with a number of radiant steel plates, which are durable and never deformed.
- 4.The main gear of granulator adopts high frequency quenching technology, and its service life is doubled.
- 5.There is high strength fiberglass in the granulation pan making the machine durable.
- 6.Uniform granulation, high granulation rate, stable operation, durable equipment and long service life.

#### Parameters of disc granulator:

Model	Diameter of Disc(mm)	Edge Height(mm)	Rotary Speed(r/min)	Motor Power(kw)	Capacity(t/h)
TDYZ-500	500	200	32	0.55	0.02-0.05
TDYZ-600	600	280	33.5	0.75	0.05-0.1
TDYZ-800	800	200	21	1.5	0.1-0.2
TDYZ-1000	1000	250	21	1.5	0.2-0.3
TDYZ-1200	1200	250	21	1.5	0.3-0.5
TDYZ-1500	1500	300	21	3	0.5-0.8
TDYZ-1800	1800	300	21	3	0.8-1.2
TDYZ-2000	2000	350	21	4	1.2-1.5

#### Advantages of disc granulator:

1. The rate of pellets is higher and little recycle.which make it more efficient in making granules.
2. Disc granulator requires less maintenance and have fewer parts that need placing.
3. It can be used widely for many industries,such as chemical industry,mining industry and agricultural industry.

The bottom of the granulation plate is strengthened with a number of radiant steel plates, which are durable and never deformed.We use the best steel to produce our products, so as to ensure the quality and longevity of our products.

#### FAQ:

##### 1. Are you trading company or manufacturer ?

We are a manufacturer with a history over 40 years and have realized one-stop service for design, manufacture, installation, debugging and technical training.

##### 2. How long is the delivery time?

For standard machines or Components, it would be 5-10 days; For non-standard machines and customized machines according to clients specific requirements, it would be appointment time.

##### 3. Do you arrange shipment for the machines?

Yes, we will do that. For FOB or CIF price, we will arrange shipment for you. For EXW price, we will assist you in arranging shipment.

##### 4. How about your product after-sales service?

Normally we provide video and written technical support. If necessary, our engineers can also provide on-site service. Our product accessories can be selected according to the actual needs of the customer to choose the most appropriate way to deliver.

##### 5. What kinds of certificate you have?

ISO 9001: 2015 SGS and we can make other certificates according to customers' detailed requirements.

#### 6. How to guarantee the quality and operation before loading?

We have our own quality control department and have advance quality control system while from raw materials to finished products. All the machines and production lines shall be 100% checked and tested before delivery.
